SMALLPOX SQUELCHED!

No Extension of the Disease Since
Friday, March 27th.

Falsehoods of writers seventeen miles distant to the contrary notwithstanding, there has been no extension of the smallpox in this city for more than a week past—to be exact, since Friday, March 27th.

To begin with, the Editor of THE LEDGER had the smallpox in 1864; he is, therefore, immune; and whenever it has been necessary to verify a "report" he has made a personal investigation, rather than publish every wild rumor that was heard.

As a consequence, he was perhaps better prepared to give the facts than any one who was seventeen miles away, and who depended for information on "current reports"—all of which were exaggerated ten fold.

Since the recent outbreak of the disease, THE LEDGER has not only told the whole truth, but it has printed the name and the exact location of each case.

The last cases that had broken out in houses not theretofore quarantined were those of Mrs. Carter in the Fifth Ward and Sallie Robinson on Hord's Hill, and these were on Friday, March 27th.

Two cases of varioloid were reported yesterday—one at the home of Mr. Andrew Hunter in Forest avenue, and one at the residence of Mr. Jake Helmer in West Fourth street—in both of which houses the disease has prevailed for nearly two weeks.

Against these two new cases, Miss Agnes Hanley in Market street and Mr. Sam B. Oldham in East Fourth street have been discharged cured; Mr. Reuben Duncan sits out on the balcony at the St. Charles Hotel in Front street, and the Pesthouse, two miles and a half in the country, has less than a dozen occupants, and most of these are only waiting for clothes to enable them to return to their homes.

How to Ward Off an Attack of Rheumatism.

"For years when springtime came on and I went into gardening, I was sure to have an attack of rheumatism and every attack was more severe than the preceding one," says Josie McDonald, of Man, Logan county, W. Va. "I tried everything with no relief whatever, until I procured a bottle of Chamberlain's Pain Balm, and the first application gave me ease, and before the first bottle was used I felt like a new person. Now I feel that I am cured, but I always keep a bottle of Chamberlain's Pain Balm in the house, and when I feel any symptoms of a return I soon drive it away with one or two applications of this liniment." For sale by J. Jas. Wood & Son, Druggists.

THAT'S THE LEDGER.

The Rev. T. DeWitt Talmage says—
"A newspaper whose columns overflow with the advertisements of business men has more influence in attracting attention to and building up a city or town than any other agency that can be employed. People go where there is business. Capital and labor will locate where there is enterprising community. No power on earth is so strong to build up a town as newspapers well patronized, and this power should be appreciated."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

DURING the recent existence of smallpox in Mason and Fleming counties, there has come to the front lots of people who would make excellent gas meters.

THE HON. AUGUSTUS E. WILLSON of Louisville is favorably mentioned as nominee for the Governorship on the Republican ticket. As Mr. WILLSON had the rare good luck to be born in Maysville, it goes without saying that we're all for him.

THIS "gentlemanly" and "courteous" reference is from the last issue of The Flemingsburg Times-Democrat.

"Maysville is still full of the disease [smallpox] if we can believe current reports. We know the Maysville papers have systematically lied about it in the past. They have confessed it, and we believe they are lying yet when they say, as TOM DAVIS did Wednesday, that there were only about four cases in Maysville, and they almost well."

THE LEDGER has never yet descended to the scum of calling a Brother Editor a liar; it has told the exact truth in regard to the smallpox in this city; and the above dirty insinuation places the Flemingsburg man beyond the slightest further notice on the part of this paper.

Paine's Celery Compound
Has Kept Him Vigorous, Strong
and Happy.

We are now in the season of dangers and perils, and the tens of thousands of ailing and half-dead people should be brought to realize that they are standing on dangerous ground. This is especially true of men and women advanced in years.

The spring season, with rapid changes from warmth to frost, from clear, dry weather to chilling rain and piercing winds, is the time when aged men and women suffer most; it is

LARKIN D. MASON.

the time when weakness, nervousness, insomnia, rheumatism, neuralgia, and digestive troubles are most common. At this time the fact cannot be too strongly impressed upon aged people and those who care for them, that Paine's Celery Compound is what they need to renew their physical and mental powers. This great medicine enriches the poor and watery blood, braces the nerves, gives vitality, energy, restful sleep, and healthy appetite. Let us all endeavor at this time to make the dear old people in our homes happy, vigorous and contented. We can do the blessed work by giving them Paine's Celery Compound. Hon. L. D. Mason, aged 92 years, writes as follows after a long experience with Paine's Celery Compound:

"When I reached 80 years of age I found my digestion growing feeble and my kidneys inactive. Although my store was well supplied with medicine, I had nothing that could meet my case. My grandson from Boston brought me a bottle of Paine's Celery Compound, and it helped me. I made further experiments, and the result was, for the last seven years I have taken Paine's Celery Compound regularly, and now at the age of 92, I am smart and active. My son is selling Paine's Celery Compound in our store, and those who buy it praise it highly."

WHAT HAS THE LEDGER done to Br'er PERRY of The Sun-Sentinel that he insists on calling it The Leader? While it does "lead," that isn't its name.

A LADY shopkeeper in Switzerland was fined 8s. because she refused to sell a lady customer some handkerchiefs she had in the show-window of her shop. She alleged in Court that the customer had insulted her, and that was her reason for refusing to sell. The learned Judge said it was the shopkeeper's duty to have notified the customer through the police that she wouldn't sell her anything, and her failure to do so was the reason that the fine was imposed. Next.

A NEWSPAPERMAN of half a century's experience says that "the paper which tries to please everybody at once soon pleases its competitors by dying." And this is just the reason for the phenomenal success of THE LEDGER. It never feels that it has done its full duty to the public unless it hears some fellow squeal each day. The "kickers" and the "squealers," it should be remembered, are the hogs who read the paper at other people's expense.

FISCAL COURT

A special session of the Mason Fiscal Court was held yesterday, Judge Newell presiding. There was a good deal of oratory over things in general, but not much done in particular. The County Treasurer was directed to pay off out of the Free Turnpike Fund two \$5,000 notes, due to State National Bank and the Bank of Maysville. Squires Thompson and Cochran were appointed to examine the L. and N. franchise tax settlement, and report to this Court at its regular term next week. And then the gavel fell.

Good For Children. The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough Croup and LaGrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation; heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. J. Jas. Wood & Son.

Governor Atkinson of West Virginia

Writes to a friend from Charleston, under date of Sept. 8th, 1902, saying, "I have used a number of bottles of KODOL and have found it to be a very effective and, indeed, a very powerful remedy for stomach troubles. I do not hesitate to recommend it to all persons who have weak digestive organs." Indigestion is mainly due to a lack of some of the elements which constitute natural digestive juices. Kodol Dyspepsia Cure supplies these, and reduces the food to a condition required for transforming it into living tissues. Kodol is unlike all other remedies in that it combines both digestive and tonic properties. Its use enables the stomach and digestive organs to digest, assimilate and transform all of the nourishment contained in all of the wholesome food that may be eaten, into the kind of blood that makes bone, sinew, tissue, muscle, health and strength.

KODOL DYSPEPSIA CURE

If the stomach is disordered Kodol will correct it, and if diseased Kodol will cure it. This famous remedy lays the foundation for health and the rebuilding of strength by cleansing, purifying, sweetening and strengthening the glands and membranes of the stomach, and by supplying the natural juices necessary to perfect digestion, assimilation and nutrition.

Dr. Hayes, of Washington, D. C.,

Writes an autograph letter to one of his professional friends, saying: "In a number of chronic cases, after exhausting the materia medica for even palliative measures, with negative results, I have prescribed Kodol with marked and increasing benefit, from the first dose until the stomach's disability has been permanently relieved. My experience in a general and hospital practice dates from 1872, and I am positive that of all the digestants prescribed in those thirty years, none in my hands has proven so thoroughly effective as Kodol."

Kodol Digests what You Eat.

Belching of gas, sour stomach, fullness after eating, and all the symptoms of indigestion are relieved by the use of Kodol. Kodol gives health to the sick and strength to the weak. Bottles Only—Regular Size, \$1.00, holding 2 1/2 times as much as the trial size which sells for 50c. Prepared only by E. C. DeWitt & Co., Chicago, U. S. A.

A Sweet Breath. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick of White Plains, Ky., writes: "I have been a dyspeptic for years. Tried all kinds of remedies, but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like." Kodol digests what you eat and makes the stomach sweet. J. Jas. Wood & Son.

SMALLPOX!

WHEREAS, Smallpox has existed in Mason county at short intervals for the past four years, and, although repeatedly stamped out by the co-operation of the health and fiscal officials, has been reimported from other states and sections and gained new footholds because so large a per cent. of our people have failed to comply with the law requiring everybody to be vaccinated; and

WHEREAS, Smallpox now exists and is becoming epidemic in Maysville and other sections of the county, and every unvaccinated person is a menace to the health, lives and business interests of the entire county;

Now, therefore, be it known, That the Mason County Board of Health, in the exercise of authority vested in it by law, hereby requests and directs every unvaccinated person in this county to have himself or herself, and all children, wards or other persons dependent upon them, to be vaccinated at once; and requests and directs that every person whose mark is over five years old to be re-vaccinated at once; and on and after April 8, 1903, it hereby places every house in Mason county which contains any person or persons who have not been successfully vaccinated within five years last past in close quarantine; and it forbids any person to attend any school in this county as teacher or pupil, or to go to any Church or other public assembly, or to go to any street, highway or road who has not been successfully vaccinated within five years; and it forbids any person or corporation to employ or to permit on his premises in this county, as tenant or employee, any person who has not been successfully vaccinated within five years. The county will provide the virus and will pay for the vaccination of all persons who are unable to pay for the same if they will apply in person to the physician in their Precinct or to the Health Officer.

Done at Maysville, Mason county, Ky., by the Mason County Board of Health, this March 26th, 1903.

J. A. REED, M.D., Chairman.
P. G. SMOOT, M.D.
M. H. DAVIS, M.D.
H. K. ADAMSON, M.D., Health Officer.
W. H. HORD, M.D.

SECTIONS OF THE GENERAL STATUTES OF KENTUCKY. Section 4618. Penalty for Persons Having Smallpox during Public Places—Any person who, having reason at the time to believe himself afflicted with the disease of smallpox, shall voluntarily go upon any public highway or street, or to any place at which people are accustomed to collect or assemble, or who shall enter or go on board any steamboat, railroad car or public conveyance, and all persons who shall knowingly aid or assist any one thus to offend, shall be guilty of a misdemeanor, and, upon conviction, shall be fined not less than one hundred nor more than one thousand dollars. Section 2000. Any physician or head of a family who shall fail or refuse to report to the local Board of Health cases of cholera, smallpox, yellow fever, diphtheria and other epidemic diseases, as provided for in section two thousand and fifty-five of the act mentioned in the title of this act, shall be fined not less than five dollars for each day he neglects or refuses to report.

A PRISONER FOR LIFE

Offences against the laws of health are punished rigorously and inevitably by nature. A man may break civil laws and escape punishment. But the man who transgresses nature's law of health cannot escape the penalty. Many a man is to-day a prisoner for life, and for a very brief life, because of his outrage of the laws upon which health is conditioned. He sits idly in his chair torn by coughing spells and gasping for breath. The handkerchief which wipes his lips shows a red stain. He is slowly wasting away.

Weak lungs, obstinate coughs, spitting of blood, weakness and emaciation are cured by the use of Dr. Pierce's Golden Medical Discovery. Thousands who have been cured by this medicine attest the fact.

Sick people are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Accept no substitute for "Golden Medical Discovery." The sole motive for substitution is to enable the dealer to make the little more profit paid on the sale of less meritorious medicines. "Three years ago I had the grip," writes Mrs. Tittle Linney, of Gravel Switch, Marion Co., Kentucky. "It settled on my lungs, and the doctor said I had consumption. I took six bottles of 'Golden Medical Discovery,' and am thankful to say I am entirely well. You may print this letter if you see fit to do so." Dr. Pierce's Pleasant Pellets keep the bowels in healthy activity.

Important Announcement of the Maysville Gas Company.

Per Thousand
Under 2,000 cubic feet \$1.50
Over 2,000 cubic feet and under 3,000 cubic feet \$1.25
3,000 cubic feet and any amount over \$1.00

At a meeting of the Board of Directors of the Maysville Gas Company March 28th, 1903, it was ordered, that on and after the 1st day of April, 1903, the above sliding scale price of gas for all purposes, fuel and illuminating, should go into effect for private consumption.

All rates and discounts heretofore made are abolished.
It was also ordered that after the 1st of April the old rule of the Company, "Gas will be turned off, if account is not paid within five days after presentation," shall be strictly and indiscriminately enforced, regardless of whom it may concern. (This action was taken, not to appear arbitrary, nor with the idea that the accounts of the consumers were not perfectly good any time during the month, or a year later for that matter, but for the good of all concerned and in order that this part of the business of the Company might be taken up at a specified time during the month and disposed of, and further in order that the time and thought of the Company's Agents and employees, now so largely occupied with this work of collecting, might, for the balance of the month, be directed towards giving consumers of gas better attention and more efficient supply and service.)

It was further ordered that, beginning the first of May, and for each and every month thereafter, the monthly statement of account of each consumer should be delivered to said consumer by an Agent of the Company on the first day of the month, or second day if the first comes on Sunday, and that said account shall thereafter be due and payable at the office of the Company on Court street within five days, and if not so paid gas will be promptly shut off.

The Gas Company further announces that after the first day of April they will handle and sell at cost price to gas consumers any of the great variety of Gas Stoves and Ranges shown in the catalogue of the Detroit Stove Works, which price will be equivalent to 80% discount from the list prices in said catalogue. Said stoves will be sold for cash only, or according to the terms of a printed lease, whereby easy payments are extended over a period of from twelve to seventeen months. For instance: Take a gas range listed in catalogue at \$26; the Gas Company will sell this range to consumer for \$13 cash, or for \$2.50 cash at signing of lease and 90¢ per month for seventeen months, at the expiration of which time the range is sole property of consumer.

The Gas Company will also handle at cost the fixtures and mantels of the Welshbach Company in all of their many attractive varieties.
Before closing this announcement the Gas Company wishes to publicly express its appreciation of the eminently fair, just and courteous treatment accorded them by His Honor, the Mayor, and Board of Council, particularly the Chairman and members of the Gas Committee, through whose efforts in behalf of the private consumers the above concessions in the price of gas are now made.

With the assurance to the citizens of Maysville that it will be the earnest effort of the Company and its Agents to give you the very best service at the very least cost, we beg to remain, very respectfully,
MAYSVILLE GAS COMPANY.

CLOTHING TALK!

There is something about the Hart, Schaffner & Marx Clothing by which you may identify them even more certainly than the label. It goes into them before the label. It is a style, a quality, a tailored-by-hand touch to them, a harmony of fabrics, trimmings, etc., a thoroughbred look about them never found in other clothing. The fact that we can't define it doesn't make it any less real. You can see it without fully realizing what it is. We can't show it or tell you fully about it until you wear the clothes. Then we won't need to. This incomparable line is for men and confined to us.

But we have provided as well for the boys and children. We invite inspection and comparison of both goods and prices.
OUR MERCHANT TAILORING DEPARTMENT, under the supervision of Mr. Charles F. McNamara, is the only one in the city paying Union prices and having all work done at home. Ask to see one of our made-to-measure Suits. You can get them cheaper elsewhere, but not like ours.
